AB 180	Overturns longstanding state preemption of local firearms laws by allowing Oakland to	Bonta	Vetoed

	most dangerous cities, this bill would have led to a confusing patchwork of local gun		
	laws that would make it impossible for ordinary people to exercise their rights		
AB 375	While pretending to streamline the process for firing bad teachers, this bill would	Buchanan	Vetoed

California Republican Assembly Legislative Scorecard 2013 Bill Descriptions

Bill #	Brief Description of the Bill	Author	Status
SB 374	Would have expanded the misguided ban on so-called "assault weapons" to include virtually all modern rifles with detachable magazines, as well as rifles with "overall length of less than 30 inches." Would have required additional finger-printing and registration of law-abiding run owners	Steinberg	Vetoed
SB 459	Requires the Air Resources Board to expand a program that subsidizes the purchase of new clean vehicles for low-income drivers. Creates an unnecessary and expensive government benefit that will surely be abused. There is no evidence that this poorly-	Pavley	Signed into Law
SB 530	designed program has produced measurable improvements to California's air quality. Makes it a crime for an employer or potential employer to ask for any information about an applicant's criminal conviction that has been judicially dismissed (expunged) or ordered sealed. It would also be a crime to use such information as a factor in determining any condition of employment. There is no exception for employers who	Wright	Signed into Law

Increases financial penalties for employers, landlords, and others who are accused of discriminating on the basis of a wide range of protected characteristics, including homosexuality, cross-dressing, insanity, disability, etc. In addition to all existing remedies, plaintiffs will also be entitled to a new civil penalty of \$25,000, which will make defendants even more vulnerable to extortion, nuisance lawsuits, and frivolous	Wright	Signed into Law
SB 666	Suspends or revokes business licenses from employers for reporting or threatening to report employees on the basis of "citizenship or immigration status." Civil penalties would include \$10,000 fines. Attorneys could be disbarred for reporting illegal aliens who are witnesses or parties to lawsuits. It is already illegal for most state and local government employees to report illegal aliens to the federal government; now, many private citizens will also be banned from reporting them. It will still be legal for the Tooth Fairy and the Easter Bunny to report illegal aliens, but they don't exist.	Steinberg	Signed into Law
SB 672	Encourages welfare fraud by removing the verification requirements for the child care expenses of food stamp applicants. Experience has proven that people are much more likely to lie if they know that their claims will not be verified by anyone. The goal of this new law is even more troubling than the law itself: the proponents want to dramatically increase the number of people dependent on CalFresh benefits (known nationally as SNAP)	Leno	Signed into Law

California Republican Assembly 2013 Legislative Scorecard Notes

Note 1: In the California Legislature, abstentions and absences count the same as "No" votes. The Democrat leaders control the timing of all votes in both houses. Adjustments have been made to the CRA Rating when there was reason to believe that absent legislators supported the CRA position. In those situations, the CRA Rating has also been adjusted to include a very slight penalty for missing votes, in order to reflect the long-standing CRA position that legislators are paid to vote and they should show up to cast their votes.

Note 2: Assemblyman Bob Blumenfield was elected to the Los Angeles City Council. He resigned from the Assembly on July 1, 2013 and missed most of the votes shown in this Scorecard. His successor had not yet been elected when the Legislative Session ended. This is an example of the growing problem of legislators leaving state office in mid-term to take higher-paid local offices. Jeaving vacancies to be filled by costly special elections.

Note 3: Assemblywoman Holly Mitchell was elected to the State Senate in a special election on September 17, 2013. She replaced Senator Curren Price, who had resigned from the Senate on July 1, 2013 after being elected to the Los Angeles City Council. Senator Price missed most of the votes shown on this Scorecard. Holly Mitchell's votes are shown for the Assembly, but she did not cast any votes in the Senate. Her successor in the Assembly had not yet been elected when the Legislative Session ended

Note 4: Assemblyman Freddie Rodriguez was elected to the Assembly in a special election on September 24, 2013. He replaced Assemblywoman Norma Torres, who had been elected to the State Senate on May 14, 2013. Norma Torres replaced Senator Gloria Negrete McLeod, who had been elected to Congress in the general election. Freddie Rodriguez was not yet a member of the Assembly when the votes were cast on the bills shown in this Scarceard. Norma Torres was present to cast votes in the State Senate.
